OTHER COMMENTS

Provide any other information you think the CPC should be aware of in evaluating your request for funding.

The opportunity to purchase this Town of Scituate 1924 White Fire Truck was amazing! Many fire trucks from the 1920s were scrapped in the 1940s because of the need for metal during World War II. This fire truck was privately owned during that time so it escaped the scrap yard. Many other early fire trucks were destroyed.

By signing below, the Applicant represents he/she is duly authorized, agrees to the terms and conditions and all other requirements of this Application and agrees to be bound thereby if funding is granted for the Project.
